(*): Cifras Preliminares basadas en la Encuesta Trimestral Agregada de los Principales Indicadores del Sector. Conatel.

1/ A partir del IV trimestre de 2008, se solicitó a las empresas, la proporción de clientes que efectivamente utilizan el sistema de telefonía móvil en el período de referencia, esto es al menos recibiendo mensajes o llamadas.

Nota: En el III trimestre de 2012 se utilizó la cifra de población trimestral de la serie de Fuerza de Trabajo que publica el Instituto Nacional de Estadísticas (INE).

Nota 2: En el IV trimestre de 2012 se utilizó la población mensual de diciembre de la serie de Fuerza de Trabajo que publica el INE.
